Choose

# life

---

The Supreme Court has given women the right to choose - what many don't realize is that LIFE is one of their options. Many see abortion as their only way out, but emotional and material support from concerned individuals can make choosing to continue their pregnancy a real option.

Pregnancy centers offer a variety of services including pregnancy tests, accurate information, a 24-hour hotline, confidential counseling, adoption referrals and needed supplies. A growing number of locations offer limited ultrasounds as an educational tool.

Their work depends on the generosity of supporters like you. Will you partner with a pregnancy center in your area to give hurting hearts the choice of life?

There are many ways you can help:  
Financial Partner • Mailing Helper  
Fundraising Events • Prayer Support  
Volunteer • Church Representative

Please call your church office or local pregnancy center today for more information about how you can share in the joy of being part of the battle for life.
